SPORTS

From present indications there will be no Intercollegiate Football League in Honolulu this year. The game seems to have died a natural death and the knights of the maul and mallet must take a back seat and amuse themselves in some other way. For the last ten years this city has been the scene of many gridiron battles which will go down in history and football and football have been the leading outdoor sports of this country and now the latter is to go behind this scene.

FOOTBALL PROSPECTS

At this date in previous years the teams were all doing preliminary practice and it was a familiar sight to see the long-haired hero making his way toward the practice field. Such names as Fuller, Walker, Morse, Hatch, Joy, Houghtaling, Hissell, Jarrett, Beckie and other heroes will be in the months of the fall this winter. Football, skin tackle, buck and punt will be forgotten to the big league lunch and they must be content with going out to Oahu college and the Kam schools and watching the youngsters back one another. And then the game is so changed that many of the old fans will not recognize the game under the new rules. It will be strange to hear the official sing out, "third down and eight yards to go." This season your half back and other runners must gain ten yards in three downs. Forward passes will be allowed and many strange rules that will make the old timer scratch his head to learn.

Neither the Punahou nor Mailes have shown any action toward getting teams together and not a word can be heard that given any indication that they will enter teams. Benson, the coach and mainstay of the Mailes, is to go to the coast, so there is no one to coach the former champions. Benson has been a big factor in island football and has done much to keep the game alive. The Punahou have lost the majority of their oldtime players and although Reed, last year's coach, is willing to take the team in charge, there does not seem to be the material and if there was there is no team to go up against.

Jess Woods, the president of the league, is up at the Country Club and has no time to devote to the game. It looks very much as though there will be no league football, but when the local lads begin to read of the accounts of games between coast teams they are apt to again catch the spirit and don their suits and perhaps some special teams may be put in the field to play some games.

In case there are no big games this year it would be a good idea to have the two schools play their championship game on Thanksgiving Day. This game could be held at the baseball field and be a real quiet and athletic event. Both the Kama and Oahu college have a large following and a game between these two teams on this day would attract much interest. They would surely pack the grounds.

It has been hinted that Mr. Dickey and his line-up of minsters will tackle football this season as they have boxing. It would be well to remind them that the rules of the game have been radically changed so as to make the game less rough. No one in Hawaii has a chance to complain as to the toughness in football as there has never been a serious accident happen here. If football is stopped they should stop every game under the sun.

In the meantime the leather-lunged rooster must lay low until he can have a chance to extend himself and if he does not see football there will be something else to take its place.

COUNTY CLUB PROGRESS

All golfers of this city are anxiously awaiting the completion of the Oahu Country Club, so that they will have a chance to swing on the elusive ball. In about 60 or 90 days he will be able to test the new links that are now being put in shape by the club management. At the present time the Japanese who are employed on the new course are busily engaged removing stones and putting the greens in shape. It is a big undertaking but is gradually rounding in shape and when the links are once in playing condition this city can boast of one of the finest golf courses in existence.

A stranger visiting these links would be first impressed by the beautiful view that is obtained therefrom. The city and harbor are overlooked and present a beautiful sight, while the Nuuanu Valley in all its glory stretches before you to the Pali. It is certainly a beautiful location and it is hard to imagine how there could be a prettier one.

Work is being rushed on the road leading from Nuuanu street to the club property and as soon as this is complete work will be started on the clubhouse, which has been designed by Architect Gill. The plans call for a very fine structure to be built for about the sum of \$7,000. This clubhouse will contain every convenience that could be asked for and every member will be made extremely comfortable.

The members are looking forward to the opening day and the chances are that the new play ground thereon is home of golf in this country will be started off with a huge turnout for the championship cup that is to be donated by the old Maunaloa Golf Club. This cup is to cost in the neighborhood of \$100 and will be a championship affair to be played for every year. This cup will cause some keen rivalry among the members and will cause them to keep up their practice. Every player who contends for this cup must play at scratch, which will be something new in this country.

There will also be the tennis courts and swimming pool to amuse those who do not care for golf and with all the amusements it is thought that the new club will always be popular.

FIRST RACE FOR BECKLEY CUP OCT. 7

Regatta Committee Gives Out Plans For Local Yachting Event

The first race for the Beckley cup, which will be contested for by the first class yachts of this city, will be held on Sunday, October 7, and should prove a very close and exciting event. The Regatta Committee, has selected the following course: From an imaginary line between the lighthouse and Bishop's wharf out the channel, clearing all the buoys and then out to a sloop which will be anchored off Diamond Head. The stake boat must be turned keeping it on the port side and then clearing for the stretch to Barber's Point, around a stakeboat which will be anchored there and back to the finishing line, which will be a line between the committee boat and the bell buoy on the inside of the buoy.

The race will be started promptly at 9 a. m. and on this account the boats should be easily able to finish before dark. All owners of yachts which they desire entered in the race should signify their intention to the members of the Regatta Committee of the Hawaiian Yacht Club, Messrs. Will McInerney and C. T. Wilder. The race will be started with entries from three boats but at present the outlook is that either six or seven of the local fleet will be ready for the start.

CABINET CHANGES RUMORED

Washington, Sept. 8.—George Von L. Meyer, Ambassador to St. Petersburg, to be Secretary of the Navy.

Charles J. Bonaparte, Secretary of the Navy, to be Attorney General.

This is part of the new cabinet slate which was announced some time ago on the authority of a government official. The story is published here today and it is expected that the formal announcement of the changes will soon be made from Oyster Bay. Von Meyer would have been in Washington some time ago but for the troubles in Russia.

There are reports today that Attorney General Moody will be asked to take a place on the United States Supreme bench and as previously announced that Secretary Taft will hold on to the war portfolio and get into the presidential race openly within a few weeks.

General Wood, it is stated, will return from the Philippines. His place is to be taken by General F. C. Ainsworth, military secretary and acting secretary of war. The transfer of Von Meyer to the cabinet opens the door for the appointment of a new ambassador and Bonaparte's transfer will necessitate a new Secretary of the Navy.

THE BUSINESS MAN'S HANDY IN-DEX. published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75¢ per month. Weekly Bulletin, \$1 per year.

Commercial energy, and which are veritable hot-beds of football during the winter months. But the love of outdoor games is so intense in England that the advent of baseball cannot fail to be welcome, even if on no other ground than that of the more the better. And as things American have grown rapidly in popularity in the motherland of late years, baseball has probably at last gone to England to stay. The popularity of the game has already achieved a marvelous when British conservatism is considered.

SOCKER MEETING

A meeting of the Y. M. C. A. soccer football players will be held tonight at 7:30 at the Y. M. C. A. Preliminary steps will be taken to organize a team to enter into the league this season.

"SAVE-THE-HORSE" SPAVIN CURE

Registered Trade Mark

Try Chemical Co., Binghamton, N. Y.

Dear Sirs:—About two years ago a very fine, well bred mare I own got what seemed to be a bad sprain of the off fore fetlock, which made her very lame; I blistered her and let her run out for about four months, when I took her up she was better but still lame and got worse when worked. I then tried another kind of blister with about the same results.

Last Spring I bought a bottle of your Save-the-Horse from your agent in this city. After treating the mare with this for about two weeks I gave her some slow driving; she improved very much, and by the time I had used up the bottle I was able to drive her twenty or thirty miles without any apparent bad effects. She now goes sound; I also with the same bottle removed two wind galls from her hind legs.

Hoping that this will be of some benefit to you, I am, your truly,
MARTIN BURNELL, 401 California St.

Positively and permanently cures Spavin, Ringbone, Thoroughpin, Gurb, Splint, Capped Hock, Wind Puff, broken down, bowed or strained tendon or any case of lameness. Horse can be worked as usual and with boots, as no harm will result from scalding of limb or destruction of hair.

\$5.00 per bottle, with a written guarantee, as binding to protect you as the best legal talent could make it.
